

ANNOUNCEMENT

The Cyprus Securities and Exchange Commission (“CySEC”) would like to draw the investors’ attention to the fact that several web pages owned by persons, who have not been granted a Cyprus Investment Firm (“CIF”) authorization by the CySEC, falsely claim that they are authorized and/or licensed and they refer to license numbers that belong to Cyprus Investment Firms (“CIFs”). The CySEC strongly encourages investors to visit its website at http://www.cysec.gov.cy/licence_members_1_en.aspx , before deciding to establish a business relationship with a company that claims that has been granted a CySEC license, in order to ensure that the specific company is indeed regulated by the CySEC.
